

APPLICATION OF EMERGENCY BUNKER SURCHARGE (EBS) EFFECTIVE FROM 1st NOVEMBER 2026

In order to ensure the high quality standards of our service and to partially cover the extra costs due to the increase of fuel price, starting from 1st May 2026 onwards Adria Tow d.o.o. is applying an Extraordinary Bunker Surcharge (EBS). The basis for calculating the fuel surcharge is the difference in the price of fuel delivered to Adria Tow in previous month (in October) 2026 amounting to **eur 0,54** per liter).

The supplement in **NOVEMBER 2026** will be charged for each towage separately and will amount to:

- for tug power **over 70 tonnes ... 151,20 EUR/per hour**

In the event of a reduction in the price of fuel below the base price 0,70 EUR, no surcharge will be applied.
